SILKEN STRANDS

Apr 2013

Please help Mrs Bowry to establish the ownership of the **Manor House** on St. Margaret's Green, Ipswich between 1660 and 1700. This is before the Cobbolds lived there. She is researching her ancestor Nathaniel Bacon MP. If you can help please contact the Trust.

Peter Cobbold (#533 on the tree) who was Professor of Geology at Rennes University, France, specialising in Plate Tectonics and is now (since 2011) an Emeritus Research Fellow there, has been selected for an entry in 'Marquis's Who's Who in the World' 2013. You can go to his website via the Trust's 'LINKS'

Susan M Roberts, Professor of Geography, University of Kentucky, is thanked for a lot of information on the **Robinson** and **Cameron** families which feature in our family tree.

Thanks also for similar help from **Chris Heath** in Canada and **Simon Toynbee**, on the wealthy Victorian industrialist Heath family about whom we will write a Cobbweb in due course.

On a lighter note...Rex Parkin (#553 on the tree) who had a 'tailors' dummy' figure was clothed entirely free by his tailor, Plenderleith, whilst up at Cambridge, on condition that admirers of his sartorial elegance were steered towards their shop on King's Parade!
