

Those readers on our mailing list will have received a letter recently announcing our new fundraising venture, The Cobbold & Kin Virtual memorial Wall. For those who have not received a letter we give below a link which will allow you to take part.

This new permanent page on our website offers an opportunity for you to honour a family tree member, who is no longer with us by having a 'stone' inscribed like the example below. 'Your stone' will remain in the online wall for the life of the charity's website, for all visitors and future generations to discover and enjoy. You have an opportunity to compose your own personal tribute to appear on 'your stone' which will also be linked to the biography of the person commemorated. A poppy can be added if your family member died in service.

The cost of a permanent engraved 'stone' is £100 which if using PayPal can be accepted in three installments. By honouring our forefathers, please help us to continue our work to preserve our past for future generations. Thank you.
